

# How to Draw A Snowflake

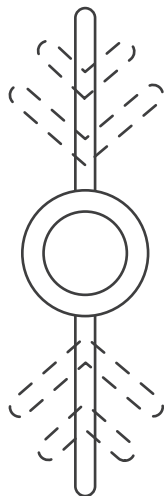

Let's start!  
First, draw a two small  
concentric circles.

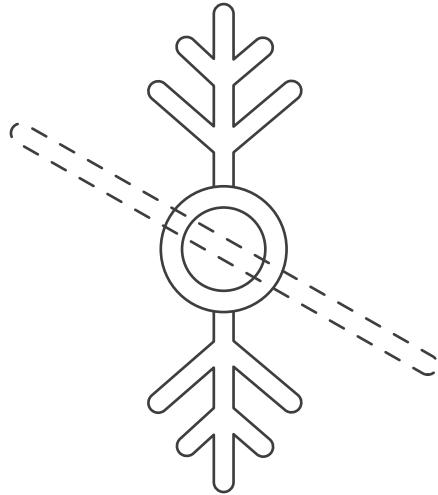

Draw a rounded  
rectangle in the  
middle. Make it  
super long and  
thin.

Add two arrow  
shapes both at the top  
and bottom.  
Erase extra lines.

Draw another rounded rectangle in a diagonal.

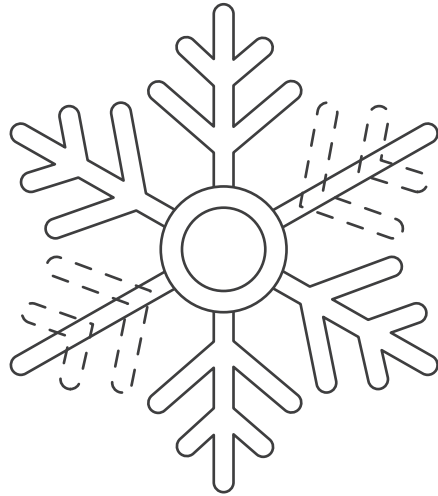

Add the arrow shapes, just like the first ones. Erase extra lines.

Add another rounded rectangle in a diagonal, now in the other direction.

Add the arrow shapes  
and remember to erase  
the extra lines.

You got it.  
Great job!
